

## Find your local Suffragette or Suffragist statue

Here is a list of statues and monuments to women who were involved in the Suffragette or Suffragist movements. If you're close to one of these places, why not organise a group trip to one of them?

If you're not close enough to visit you could:

- ★ Search online to see if there are any other statues of inspirational women, or women involved in the Suffragette or Suffragist movement near to you.
- ★ As a group activity, write a letter to your local MP or councillor, asking for a statue or monument to be put up to a local inspirational woman in your area.
